

# DIVISION OF EDUCATION

## Andrew T. Alexson, Ed.D., Division Chair

### UNDERGRADUATE STUDIES IN EDUCATION

#### MISSION STATEMENT

Preparing professionals to serve students and lead schools.

#### PURPOSE

The Department of Education believes that it has an obligation to God to equip prospective educators with a Biblical view of the child. Prospective teachers should receive a broad base of general knowledge, a professional knowledge of teaching, and a thorough foundation in the Truth, the Bible. Prospective teachers should have knowledge of varied methods for gaining truth and should be able to evaluate knowledge in light of the Bible.

It is the purpose of the Department of Education to prepare competent Christian educators to minister in schools at home or overseas. Believing that God may choose to use individuals as teachers in either Christian or public schools, Tennessee Temple University prepares its education graduates to serve in either setting. It is the purpose of the Department of Education to provide all education graduates with a broad base of Biblical knowledge emphasizing moral beliefs and teaching competencies from which they may operate as professional educators.

#### OBJECTIVES

1. The student will identify educational philosophies, instructional strategies, and classroom management techniques that are consistent with Biblical principles.
2. The student will demonstrate the ability to conceptualize, plan, and produce effective instructional units, including daily lesson plans, based upon a given school curriculum.
3. The student will demonstrate an understanding of the diversity among students and be able to adapt instructional methods and materials to meet those diversities.

#### GENERAL INFORMATION

The teacher education program at Tennessee Temple University is a professional curriculum designed to complement the student's major program of study in the content field of their choosing.

The academic fields in which teacher education students may major are the following:

- Early Childhood Education (Pre K – 3)
- Elementary Education: Interdisciplinary Studies
- Secondary Education
 

English	History	Music (K-12)
Biology	Mathematics	

#### ADVISING FOR TEACHER EDUCATION STUDENTS

Each elementary education student will be assigned an advisor from the Department of Interdisciplinary and the Department of Education. Each secondary teacher education student is required to have two academic advisors, one from the major field of study and one from the Department of Education.

Please click the following link to find your program [Advising Guide](#).

#### ADMISSION TO THE TEACHER EDUCATION PROGRAM

Until an official letter of acceptance has been received from the Chair of the Department of Teacher Education, each teacher education student is considered to be a teacher education candidate. A teacher education candidate may not enroll in any upper division education courses (300-400) until he or she has been accepted into the teacher education program.

To be admitted into the teacher education program, each student must satisfactorily complete the following:

1. Submit a written application to the Chair of the Department of Teacher Education **no later than the first semester of the sophomore year.** The application may be obtained in the Department of Teacher Education office.
2. Pass the PRAXIS I Test or be exempt from it. Students who make a composite score of 22 or higher on the Enhanced ACT or 1030 or higher on the SAT I are exempt from the requirement to take the PRAXIS I Test. The test may be taken on computer at the Sylvan Learning Center (423-894-6249) or by paper and pencil at a regularly scheduled session, by registering through the Education Testing Service ([www.ets.org/praxis](http://www.ets.org/praxis)). **This test should be taken no later than the second semester of the student's sophomore year.** It may be taken as early as the freshman year if the student has an ACT composite score of 18 or higher, or a comparable SAT score (860). If the score on any section of the ACT is lower than 18, the student should schedule an appointment with the Chair of the Teacher Education Department to prepare a plan for strengthening that area before taking the PRAXIS I. (Testing information may be obtained from the Education Office.)
3. Establish and maintain a 2.50 grade point average (GPA) to remain in good standing in the teacher education program. **PLEASE NOTE:** Any junior or senior whose GPA falls below 2.50 can register for upper division education courses only with the approval of the Chair of the Department of Education.
4. Satisfactorily complete an interview with the Teacher Education Committee. Upon completion of 45 semester hours of course work and all other requirements as stated above, the student will be invited to interview with the Teacher Education Committee, which will make the final recommendation concerning admission to the teacher education program. A letter of acceptance into the teacher education program will be sent to the candidate upon satisfactory completion of the above requirements. This letter must be received from the Chair of the Department of Education. No candidate for the teacher education program is allowed to take professional education courses beyond the 200 level without this letter of acceptance.

The student is allowed to take the following education courses prior to admission to the teacher education program:

- EDUC-2013 Planning to Teach
- EDUC-2023 Exceptional Children in the Regular Classroom

## APPEALS PROCEDURE

A student who has applied for acceptance into the teacher education program but has not been accepted because of an insufficient score on the PRAXIS I or a GPA below 2.50 may appeal to the Chair of the Department of Education. Full information regarding the appeals process can be obtained from the Department of Education office.

## FIELD EXPERIENCE

Courses in the Teacher Education Program combine theory and practice by translating abstract ideas into concrete application. Teacher candidates are involved in semester long practicum's of vigorous observation of both students and teachers. All field experience placements are designed to provide the student with a realistic view of the teaching profession. This experience gives the teacher candidate a wide variety of subject content, instructional methods, and potential resources for future utilization. These field experience requirements will take place in variety of unique educational settings to insure a broader experience and knowledge base from which the student may gain invaluable experience and awareness. Some examples of field experience assignments are as follows: classroom observation, tutoring, mentoring, coaching, and community volunteerism. Each experience will include hands on interaction with teachers, students, and administrators. The purpose of these experiences is to familiarize the Teacher Education Candidate with the daily workings of the classroom, the policy and practice of the overall school environment, and to give each student a taste of what the life of a classroom teacher

requires. All education majors must complete 50 hours of field experience by the end of their sophomore years. Secondary Education majors must complete a total of 20 more hours of field experience during their junior and senior years (not including the student teaching experience) for a total of 70 hours of field experience.

## STUDENT TEACHING

Student teaching may be done in the fall or spring semester of each year. A student who has no more than twelve semester hours to complete after student teaching is eligible for student teaching. No more than six of those twelve hours may be in the student's major and none of those hours may be in professional education courses.

## EXIT REQUIREMENTS

All teacher education students must meet the following standards in order to graduate from Tennessee Temple University:

1. Maintain a GPA of 2.50 or higher.
2. Make a grade of "C" or better in professional education courses.
3. Complete a professional placement portfolio. A more detailed guide for developing the portfolio will be made available in the professional education core curriculum courses.
4. Take and pass all required sections of the PRAXIS II exam

## TEACHER CERTIFICATION

The Teacher Education Program prepares its graduates to teach in Christian schools around the world. Its graduates are eligible for certification with the American Association of Christian Schools (AACCS) and the Association of Christian Schools International (ACSI).

At the present time TTU graduates are not immediately eligible for Tennessee state teacher licensure, however in an agreement with cooperating graduate schools, TTU students may receive their Tennessee state Licensure upon the recommendation by the department and the successful completion of 9 graduate hours. Graduates are strongly encouraged to take advantage of this opportunity.

## PROFESSIONAL EDUCATION REQUIREMENTS

Regardless of the student's major, each student classified as a Teacher Education student must complete a core curriculum of professional education courses. *A minimum grade of "C" is required in all professional education courses.*

**A.S. EARLY CHILDHOOD EDUCATION (PreK-3) (Distance Education only)**

The early childhood education (ECE) program is designed to prepare students for work with children in nursery schools, daycare centers, preschool programs, and primary grades (grades PreK-3). TTU’s associate of science degree in Early Childhood Education will help students develop a substantive knowledge base in all areas of children’s development. Students will learn general and advanced principles of cognitive, physical, and affective development, as well as practical insights for incorporating developmentally appropriate spiritual training into everyday classroom experiences. TTU offers a unique balance between theory and practice by encouraging active application of classroom principles. In summary, students capabilities as an educator will be enhanced by the development of knowledge about how and what children learn, practical preparation in instructional strategies, and immediate opportunities for practice.

**Program Objectives**

*Upon completion of this program, students will be able to:*

- Work effectively with diverse populations of children in a variety of settings.
- Teach young children, drawing from a deep conceptual understanding of how they learn different through domains of knowledge.
- Create developmentally appropriate experiences for young children that are engaging in the present as well as preparatory for later learning requirements.
- Work cooperatively with parents, using an understanding of the family as a context for young children’s development.
- Act as a leader in educational settings.

## DEPARTMENT OF INTERDISCIPLINARY STUDIES

### MISSION

The mission of the Interdisciplinary Studies Department is to provide students with a broad educational foundation by which they can pursue their calling.

### PURPOSE

The purpose of Interdisciplinary Studies is to fulfill the university goal of academic excellence within a Christian worldview while also supporting the students' individualized vocational and educational goals.

Students are given a choice of three programs by which they can achieve their goals:

- Associate of Science degree: General
- Bachelor of Arts: The broad liberal arts nature of this program, including a foreign language, is suited for any pre-professional degree.
- Bachelor of Science: Pre-professional and general liberal arts studies
  - In both Bachelor degrees, the hours of planned electives can be tailored to meet the admission standards of graduate schools.

### OBJECTIVES

1. The students will apply their Christian world view to major academic disciplines.
2. The students will individualize an academic program that supports their vocational goals.

### ADMISSION TO THE INTERDISCIPLINARY PROGRAM

To be admitted to the Interdisciplinary Program, each student must:

1. Successfully have completed 30 credits and be in good academic standing.
2. Submit an application to the Interdisciplinary Department Chair after the freshman year.
3. Submit an approved slate of courses for each of the two intended disciplines.
4. Satisfactorily complete an interview with the Interdisciplinary Department Chair.

## Sign Language Interpreting Department

Lisa Godfrey, M.S., CI/CT, ASLTA-Q, MM, Department Chair

The Sign Language Interpreting Department offers a Bachelor of Science degree in Sign Language Interpreting and a minor in deaf studies. The department also works in conjunction with the Department of Psychology to offer a Bachelor of Arts degree in Psychology with a concentration in Deaf Studies.

### Purpose:

The purpose of the Sign Language Interpreting Department is to provide high quality instruction and training in practical and theoretical issues, skills, knowledge, and professionalism pertaining to the provision of interpreting services to the D/deaf, hard of hearing and hearing consumers in a variety of settings, so students may effectively minister for Christ in the Deaf Community as professional interpreters.

### Objectives:

1. Interact comfortably in the deaf community as an individual and as a professional interpreter.
2. Communicate accurately and effectively using all necessary vocabulary and discourse regulators
3. Demonstrate an accurate understanding of how to be involved in the lives of deaf people
4. Demonstrate knowledge and respect of deaf culture
5. Interpret/Transliterate accurately, effectively, and impartially using all necessary vocabulary and discourse regulators
6. Adhere to the Code of Professional Conduct when interpreting in the Christian and professional world
7. Achieve minimal entry level interpreting credentials
8. Assess their interpreting/transliterating performance and develop a plan for continued professional growth

### Sign Language Interpreter Education Program (IEP)

The Tennessee Temple University IEP combines classroom academics with actual “hands-on” interpreting experience, making the student proficient as well as knowledgeable. Upon completion, the graduate will possess the skills necessary to serve as qualified interpreter for the deaf in a variety of settings. The successful graduate of IEP will be able to secure employment as an educational, governmental, agency, or freelance interpreter.

### Entrance Requirements:

Until an official letter of acceptance has been received from the Chair of the Department of Sign Language Interpreting, each Sign Language Interpreting student is considered to be a Sign Language Interpreting Candidate. To be admitted to the Interpreting Training Program a student must do the following:

1. Maintain a 2.5 cumulative grade point average
2. Achieve a grade of “B” or better in AMSL-3003 and AMSL-3403
3. Receive approval from the Interpreting Training Program Acceptance Committee

### Exit Requirements

All Sign Language Interpreting Students must meet the following standards in order to graduate from Tennessee Temple University:

1. Maintain a cumulative grade point of 2.5 or higher
2. Complete parts I and II of the placement portfolio
3. Complete the required hours of Fieldwork
4. Pass the Generalist Written Test administered by the Registry of Interpreters for the Deaf
5. Pass one of the following performance assessments:
  - a. National Interpreter Certification (Certified Level or higher)
  - b. Educational Interpreter Proficiency Assessment (3.0 or higher)
  - c. Any state Quality Assurance Screening (level required to be an educational interpreter in that state)
