The Department of Communication prepares its students to teach, to pursue graduate degrees, and to acquire pre-professional knowledge for ministry and vocation. The department offers the B.A. in English in the online and residential formats and the B.S. in English: Secondary Education in the residential format.

PURPOSE

The Department of Communications promotes the study of and response to language and literature as means of articulating one's ideas and enriching one's cultural and intellectual understanding of and appreciation for life.

PROGRAM OBJECTIVES

By the end of the program, the students will
1. communicate using Standard English to speak and write with precision, clarity, and confidence;
2. demonstrate the ability to research, incorporate, and document scholarly resources as a means of secondary support;
3. interpret texts within various critical contexts to gain personal and global insight; and
4. distinguish authors, works, trends, ideas, genres, and periods within the literary development of American, British, and world literatures.

SPECIAL REQUIREMENTS

- A student will be assigned to his initial English course based on his qualifying ACT English score:
  - 18 or below: English Fundamentals (ENGL 0103)
  - 19-26: English Composition I (ENGL 1013)
  - 27 or higher: English Composition II (ENGL 1023)
- A student must take the required six hours of freshman English in sequence (ENGL 1013 and ENGL-1023) and earn a minimum grade of "C" in each course. A student who does not earn a minimum grade of "C" must repeat the course in the following semester in which the course is offered.
- A student must complete ENGL 1023 before enrolling in any literature courses. Exceptions may be granted by approval of the English Department chair.
- ENGL 1013 and ENGL 1023 cannot be taken simultaneously.
- At the end of their second year, English majors will be interviewed, tested, and assessed by the Department of English in order to be advised either (a) to continue their English degree programs (with or without stipulations) or (b) to discontinue their English degree programs.

ENGLISH MAJOR REQUIREMENTS

Department Meetings – All English majors are required to attend two department meetings per semester.

Department Activities – All English majors are required to attend at least one departmentally-sponsored activity (a play, film, literary reading or conference, etc.) per semester. The activity may be organized by an English professor or a major but must be approved by the Department Chair to fulfill this requirement.

GPA – All English majors are required to maintain a 3.0 or higher in English courses and a 3.0 overall GPA to remain in the program. Majors who fall below 3.0 have one semester in which to raise
their GPA; otherwise, they will be placed on Departmental probation. Majors who remain on academic probation for two semesters/one year will be suspended indefinitely from the program.

Note: All education majors must complete 50 hours of field experience by the end of their sophomore years. Secondary Education majors must complete a total of 20 more hours of field experience during their junior and senior years (not including the student teaching experience) for a total of 70 hours of field experience.

For information concerning additional requirements of the Teacher Education program, see under “Department of Education.”
The Department of Natural Sciences introduces students to the scientific method and logical reasoning so they can be equipped to investigate the natural world, provide leadership in the natural sciences and serve society as a responsible steward of God’s creation. The department offers the B.S. in Biology. It also offers the B.S. in Biology: Secondary Education, which is taught only in the residential format.

PURPOSE

1. To educate and train students in a rigorous scientific and mathematical program to prepare them for graduate studies or professional work in biology, engineering, mathematics, medicine, business, nursing, pharmacology, dentistry, or other related areas.

2. To educate and train teachers of the biological sciences for service in Christian and public schools.

3. To enhance the mathematical knowledge, quantitative skills, scientific knowledge, reasoning skills, and analytical thinking skills of all students of Tennessee Temple University.

SCIENCE PROGRAM OBJECTIVES

The goal of adequate preparation for graduate school or science career placement will involve the following student objectives:

1. The student will demonstrate knowledge of a broad spectrum of content in the biological and/or physical sciences.

2. The student will be proficient in the utilization of an array of laboratory skills and procedures using various types of apparatus.

3. The student will solve problems or conduct scientific inquiry using analytical reasoning skills and content application.

4. The student will evaluate scientific issues from a biblical perspective.

DEPARTMENT OF PSYCHOLOGY  
Cara Cochran, Ph.D., Department Chair

The Department of Psychology seeks to acquaint students with basic psychological principles and their application to human behavior, using Scripture as the foundation for understanding and treating all human conditions and problems. Psychology degrees are available residentially or through the Online Learning program.

PURPOSE

The psychology major is designed to prepare students for service in a variety of fields including social work and human resources. Students also are prepared graduate studies in counseling, marriage and family therapy, psychology, and ministry.

PROGRAM OBJECTIVES

1. The student will demonstrate an understanding of the basic psychological principles and applications to human behavior.

2. The student will evaluate psychological theories and positions in light of Scriptural truth.

3. The student will demonstrate a broad-based academic exposure by being adequately prepared for graduate education in the various fields of psychology.

The Department of History and Social Studies serves the university mission by introducing students to the study of the past that is characterized by academic excellence based on biblical values. It offers two programs for history majors: the Bachelor of Arts and a B.S. in History with Secondary Education components in conjunction with the Education Department; this degree is only offered in the residential format. The department also offers students a Minor in History.

Purpose

Centered on a Christian worldview, instruction acknowledges the active hand of God throughout the intricate process of human history. Instruction focuses on transformative historical events and ideas, as well as important continuities. Although historical events have objective elements, interpretation of them requires a complex and subjective process of assessment. In the end, that endeavor generally results in a composite of accepted perspectives by scholars on given subjects. Those perceptions tend to influence the direction of social and political interests; therefore it is vital that citizens have the minimal skills to check the objectivity of those conclusions. To that end, the department intends to inculcate all students with effective skills to impartially assess and understand the causes and process involved in the evolution of social ideas and evolution of historical events. For history majors, those skills include the critical analysis of texts and arguments, unbiased interpretation of evidence, research in a variety of media, and clear and effective oral and written communication in a broad spectrum of social, cultural and intellectual history. These skills will aid students in a multiplicity of vocational and professional fields, and help them become thoughtful and effective American citizens. In the end, all programs are designed to prepare students to serve both God and humanity by integrating academic knowledge of social studies with biblical truth (I Corinthians 10:1-13).

PROGRAM GOALS

1. Students are aware of the variety of human perspectives regarding pivotal social and intellectual continuities and significant transformative changes in human history.

2. Students continually assess pivotal social ideas and historical events to develop effective perspectives.

3. History majors and minors comprehend and effectively employ the tools of historical enquiry and writing.

4. All students utilize a Christian world-and-life-view to interpret social ideas and historical events.

PROGRAM OBJECTIVES

1. Historical awareness, understanding and enlightened perspectives

   Students will demonstrate that they:
   a. Can cite at least 10 pivotal innovations, ideas or practices that contributed to the emergence of cities and civilization in World History.
   b. Can describe at least 5 developments or ideas that contributed to the evolution of empires and cite examples.
   c. Can identify at least 5 innovations that contributed to the development of the renaissance, which originated in Asia.
   d. Can effectively challenge historical perspectives that present Important biblical teachings as evolutionary by citing a least two examples.

2. Assessing pivotal historical events and challenging biased perspectives

   Students should demonstrate that they:
   a. Can cite at least 4 examples of historical bias that greatly impacted modern history.
b. Can apply critical evidence to assess historical perspectives, by looking at the quality of sources, the validity of interpretations of sources, and the soundness of argument's use of evidence to support a historical interpretation by outlining at least one brief example in modern history.

3. Comprehension and effective employment of the tools of historical enquiry and writing
History majors, will demonstrate their ability to employ the tools of historical enquiry and writing by researching and writing a capstone thesis research paper that includes the following:
   a. Locate relevant primary and secondary sources for investigating a research question.
   b. Establish the contextual historiography of the subject by critically evaluating primary and secondary sources in terms of credibility, authenticity, interpretive stance, audience, potential biases, and value for answering the research question.
   c. Develop a thesis statement.
   d. Interpret the sources fairly and accurately in an answer to a research question.
   e. Marshal the evidence from the research to support a historical argument developed into a research paper.

4. Comprehension of a Christian world and life view and how it applies to historical interpretation
All Students will demonstrate that they can apply a Christian world and life view in historical interpretation by the following; they
   a. Can briefly explain how Christian assumptions about God and the world have important implications for historical interpretation.
   b. Can briefly illustrate with 2 examples of how biblical and secular ideas in seeming conflict can be rectified by citing different assumptions.

DIVISION OF EDUCATION
Susan B. Lovett, Ed.D., Chair of Division of Education

UNDERGRADUATE STUDIES IN EDUCATION

MISSION STATEMENT

Preparing professionals to serve students and lead schools.

PURPOSE

The Division of Education believes that it has an obligation to God to equip prospective educators with a biblical view of the child. Prospective teachers should receive a broad base of general knowledge, a professional knowledge of teaching, and a thorough foundation in the Truth, the Bible. Prospective teachers should have knowledge of varied methods for gaining truth and should be able to evaluate knowledge in light of the Bible.

It is the purpose of the Division of Education to prepare competent Christian educators to minister in schools at home or overseas. Believing that God may choose to use individuals as teachers in either Christian or public schools, Tennessee Temple University prepares its education graduates to serve in either setting. It is the purpose of the Division of Education to provide all education graduates with a broad base of biblical knowledge, emphasizing moral beliefs and teaching competencies from which they may operate as professional educators.

PROGRAM OBJECTIVES

1. The student will apply educational philosophies, instructional strategies, and classroom management techniques that reflect current trends in the discipline.
2. The student will conceptualize, plan, and produce effective instructional units, including daily lesson plans, based upon a given school curriculum.
3. The student will adapt instructional methods and materials to meet the needs of a diverse student population.
4. The student will integrate biblical principles into educational philosophies, instructional strategies, and classroom management techniques.

GENERAL INFORMATION

The teacher education program at Tennessee Temple University is a professional curriculum designed to complement the student’s major program of study in the content field of their choosing. The academic fields in which teacher education students may major are the following:

- Early Childhood Education (Pre K – 3)
- Elementary Education: Interdisciplinary Studies
- Secondary Education: English History Biology

ADVISING FOR TEACHER EDUCATION STUDENTS

Each elementary education student will be assigned an advisor from the Department of Interdisciplinary Studies and the Division of Education. Each secondary teacher education student is required to have two academic advisors, one from the major field of study and one from the Division of Education.

Please click the following link to find your program http://www.tntemple.edu/status-sheets

ADMISSION TO THE TEACHER EDUCATION PROGRAM

Until an official letter of acceptance has been received from the Chair of the Division of Education, each teacher education student is considered to be a teacher education candidate. A teacher education candidate may not enroll in any upper division education courses (3000-4000) until he or she has been accepted into the teacher education program.
To be admitted into the teacher education program, each student must satisfactorily complete the following:

1. Submit a written application to the Chair of the Division of Education no later than the first semester of the sophomore year. The application may be obtained in the Division of Education office.

2. Pass the PRAXIS I Test or be exempt from it. Students who make a composite score of 22 or higher on the Enhanced ACT or 1030 or higher on the SAT I are exempt from the requirement to take the PRAXIS I Test. The test may be taken on computer at the Sylvan Learning Center (423-894-6249) or by paper and pencil at a regularly scheduled session, by registering through the Education Testing Service (www.ets.org/praxis). **This test should be taken no later than the second semester of the student's sophomore year.** It may be taken as early as the freshman year if the student has an ACT composite score of 18 or higher, or a comparable SAT score (860). If the score on any section of the ACT is lower than 18, the student should schedule an appointment with the Chair of the Division of Education to prepare a plan for strengthening that area before taking the PRAXIS I. (Testing information may be obtained from the Education Office.)

3. Establish and maintain a 2.50 grade point average (GPA) to remain in good standing in the teacher education program. **PLEASE NOTE:** Any junior or senior whose GPA falls below 2.50 can register for upper division education courses only with the approval of the Chair of the Division of Education.

4. Satisfactorily complete an interview with the Teacher Education Committee. Upon completion of 45 semester hours of course work and all other requirements as stated above, the student will be invited to interview with the Teacher Education Committee, which will make the final recommendation concerning admission to the teacher education program. A letter of acceptance into the teacher education program will be sent to the candidate upon satisfactory completion of the above requirements. This letter must be received from the Chair of the Division of Education. No candidate for the teacher education program is allowed to take professional education courses beyond the 2000 level without this letter of acceptance.

The student is allowed to take the following education courses prior to admission to the teacher education program:

- EDUC-2013 Planning to Teach
- EDUC-2023 Exceptional Children in the Regular Classroom

**APPEALS PROCEDURE**
A student who has applied for acceptance into the teacher education program but has not been accepted because of an insufficient score on the PRAXIS I or a GPA below 2.50 may appeal to the Chair of the Division of Education. Full information regarding the appeals process can be obtained from the Division of Education office.

**FIELD EXPERIENCE**
Courses in the Teacher Education Program combine theory and practice by translating abstract ideas into concrete application. Teacher candidates are involved in semester long practicums of vigorous observation of both students and teachers. All field experience placements are designed to provide the student with a realistic view of the teaching profession. This experience gives the teacher candidate a wide variety of subject content, instructional methods, and potential resources for future utilization. These field experience requirements will take place in a variety of unique educational settings to ensure a broader experience and knowledge base from which the student may gain invaluable experience and awareness. Some examples of field experience assignments are as follows: classroom observation, tutoring, mentoring, coaching, and community volunteerism. Each experience will include hands on interaction with teachers, students, and administrators. The purpose of these experiences is to familiarize the Teacher Education Candidate with the daily workings of the classroom, the policy and practice of the overall school environment, and to give each student a taste of what the life of a classroom teacher requires. All education majors must complete 50 hours of field experience by the end of their sophomore years. Secondary Education majors must complete a total of 20 more hours of field experience during
their junior and senior years (not including the student teaching experience) for a total of 70 hours of field experience.

STUDENT TEACHING
Student teaching may be done in the fall or spring semester of each year. A student who has no more than twelve semester hours to complete after student teaching is eligible for student teaching. No more than six of those twelve hours may be in the student’s major and none of those hours may be in professional education courses.

EXIT REQUIREMENTS
All teacher education students must meet the following standards in order to graduate from Tennessee Temple University:

1. Maintain a GPA of 2.50 or higher.
2. Make a grade of "C" or better in professional education courses.
3. Complete a professional placement portfolio. A more detailed guide for developing the portfolio will be made available in the professional education core curriculum courses.
4. Take and pass all required sections of the PRAXIS II exam

TEACHER CERTIFICATION
The Teacher Education Program prepares its graduates to teach in Christian schools around the world. Its graduates are eligible for certification with the American Association of Christian Schools (AACS) and the Association of Christian Schools International (ACSI).

At the present time TTU graduates are not immediately eligible for Tennessee state teacher licensure; however, in an agreement with cooperating graduate schools, TTU students may receive their Tennessee state licensure upon the recommendation by the department and the successful completion of 9 graduate hours. Graduates are strongly encouraged to take advantage of this opportunity.

PROFESSIONAL EDUCATION REQUIREMENTS
Regardless of the student’s major, each student classified as a Teacher Education student must complete a core curriculum of professional education courses. A minimum grade of "C" is required in all professional education courses.

A.S. EARLY CHILDHOOD EDUCATION (PreK-3) (Online Learning only)

The early childhood education (ECE) program is designed to prepare students for work with children in nursery schools, daycare centers, preschool programs, and primary grades (grades PreK-3). TTU's associate of science degree in Early Childhood Education will help students develop a substantive knowledge base in all areas of children's development. Students will learn general and advanced principles of cognitive, physical, and affective development, as well as practical insights for incorporating developmentally appropriate spiritual training into everyday classroom experiences. TTU offers a unique balance between theory and practice by encouraging active application of classroom principles. In summary, students capabilities as an educator will be enhanced by the development of knowledge about how and what children learn, practical preparation in instructional strategies, and immediate opportunities for practice.

Program Objectives
Upon completion of this program, students will be able to:

- Work effectively with diverse populations of children in a variety of settings.
- Teach young children, drawing from a deep conceptual understanding of how they learn differently through domains of knowledge.
- Create developmentally appropriate experiences for young children that are engaging in the present as well as preparatory for later learning requirements.
- Work cooperatively with parents, using an understanding of the family as a context for young children's development.
- Act as a leader in educational settings.

Early Childhood Education, A.S.

DEPARTMENT OF INTERDISCIPLINARY STUDIES

MISSION
The mission of the Interdisciplinary Studies Department is to provide students with a broad educational foundation by which they can pursue their calling.

PURPOSE
The purpose of Interdisciplinary Studies is to fulfill the university goal of academic excellence within a Christian worldview while also supporting the students' individualized vocational and educational goals.

Students are given a choice of three programs by which they can achieve their goals:
- Associate of Science degree: General
- Bachelor of Arts: The broad liberal arts nature of this program, including a foreign language, is suited for any pre-professional degree.
- Bachelor of Science: Pre-professional and general liberal arts studies
  - In both Bachelor degrees, the hours of planned electives can be tailored to meet the admission standards of graduate schools.

OBJECTIVES
1. The students will apply their Christian worldview to major academic disciplines.
2. The students will individualize an academic program that supports their vocational goals.

ADMISSION TO THE INTERDISCIPLINARY PROGRAM
To be admitted to the Interdisciplinary Program, each student must:
1. Successfully have completed 30 credits and be in good academic standing.
2. Submit an application to the Interdisciplinary Department Chair after the freshman year.
3. Submit an approved slate of courses for each of the two intended disciplines.
4. Satisfactorily complete an interview with the Interdisciplinary Department Chair.

DEPARTMENT OF SIGN LANGUAGE INTERPRETING

The Sign Language Interpreting Department offers a Bachelor of Science degree in Sign Language Interpreting and a minor in deaf studies. The department also works in conjunction with the Interdisciplinary Studies Department to offer a two-plus-two program for students who already have an Associates degree in Sign Language Interpreting.

PURPOSE

The purpose of the Sign Language Interpreting Department is to provide high quality instruction and training in practical and theoretical issues, skills, knowledge, and professionalism pertaining to the provision of interpreting services to the deaf, hard of hearing, and hearing consumers in a variety of settings, so students may effectively minister for Christ in the Deaf Community as professional interpreters.

PROGRAM OBJECTIVES

Upon completion of the program, students will be able to do the following:
1. Interpret/Transliterate accurately, effectively, and impartially using all necessary vocabulary and discourse regulators
2. Obtain minimal entry level interpreting credentials
3. Conduct self analysis regarding their interpreting/transliterating performance and develop a plan for continued professional growth

Sign Language Interpreter Education Program (IEP)

The Tennessee Temple University IEP combines classroom academics with actual “hands-on” interpreting experience, making the student proficient as well as knowledgeable. Upon completion, the graduate will possess the skills necessary to serve as qualified interpreter for the deaf in a variety of settings. The successful graduate of IEP will be able to secure employment as an educational, governmental, agency, or freelance interpreter.

Entrance Requirements:

Until an official letter of acceptance has been received from the Chair of the Department of Sign Language Interpreting, each Sign Language Interpreting student is considered to be a Sign Language Interpreting Candidate. To be admitted to the Interpreting Training Program a student must do the following:
1. Maintain a 2.5 cumulative grade point average
2. Achieve a grade of “B” or better in AMSL 3003 and AMSL 3403
3. Pass the English/ASL Mastery Test
4. Receive approval from the Interpreting Training Program Acceptance Committee

Exit Requirements

All Sign Language Interpreting Students must meet the following standards in order to graduate from Tennessee Temple University:
1. Maintain a cumulative grade point of 2.5 or higher
2. Complete parts I and II of the placement portfolio
3. Complete the required hours of Fieldwork
4. Pass the Generalist Written Test administered by the Registry of Interpreters for the Deaf
5. Pass one of the following performance assessments:
   a. National Interpreter Certification (Certified Level or higher)
   b. Educational Interpreter Proficiency Assessment (3.5 or higher)
   c. Any state Quality Assurance Screening (level required to be an educational interpreter in that state)
